SOME INSIDE HISTORY.

Dwight Tredway Presents Letters and Telegrams of Considerable Local Interest.

The SUNDAY MORNING DEMOCRAT contained exclusive interviews with H. S. Priest, general attorney for the Missouri Pacific railway, and Dwight Tredway, of St. Louis, who, with his father-in-law, Carlos S. Greeley, applied for a receiver for the Sedalia, Warsaw and Southwestern railway.

The information gleaned was of unusual interest to the people of Sedalia and along the line of the proposed north and south road from Sedalia to Springfield.

Both Mr. Priest and Mr. Tredway were reported at length, and the DEMOCRAT feels assured that both will admit that they were quoted accurately.

With the above by way of introduction, the following communication from Mr. Tredway, received by the DEMOCRAT this morning, will be perused with no small degree of interest at this time:

ST. LOUIS, Mo., Nov. 20, '93.
Editor Sedalia Democrat, Sedalia, Mo.

DEAR SIR:—In an interview with Mr. H. S. Priest, the attorney for the Missouri Pacific railway, published by your paper on Sunday morning last, the following statement appears as having been made by Mr. Priest:

"Instead of being what your people seem to anticipate, the result of the present litigation will be to retard every effort in the direction of improving the narrow gauge, either by widening the gauge or extending the road to Springfield.

"I think I know a good deal of the inside history of an effort that was made last spring to get the Missouri Pacific to make the improvements that Mr. Tredway now appears so anxious to have made.

"Our people were at that time willing to put up dollar for dollar with Mr. Tredway and his associates in widening the gauge and extending the road, but the latter hadn't the money, nor could they get the backing, and hence nothing came of it.

"The Missouri Pacific people in the narrow gauge directory are ready now, as they were last spring, to go ahead with the improvements named as soon as the Tredway crowd meet them with dollar for dollar, but they do not propose to go ahead and do all the work and pay all of the expenses."

Were it not for the fact that I know the gentleman who reported this conversation to be very accurate and careful, I could hardly believe it possible that Mr. Priest actually made the foregoing statements.

Inasmuch as Mr. Priest has seen fit to provoke a controversy through the public press by making statements which have no foundation in fact, I submit the following copies of letters and telegrams, the originals of which are open to inspection, and I ask the people of Pettis, Saline and Benton counties to judge for themselves, in view of them, whether Mr. Priest has stated the truth or not:

[Copy.]
NEW YORK, Jan. 23, 1893.

My Dear Mr. Greeley:—

Your letter of the 18th inst. addressed to Mr. Sage and myself received. I do not think it is a very good time to get under extensive financial railroad obligations in the way of railroad building. There is a disposition in the east not to put up any money into railroads in the west at present.

I do not think it would be a wise thing now to build over to Springfield. It might be well to put up

money enough to widen the Warsaw road, and then if we see the other lines are beginning to work we could start up slowly and build a parallel line. Sincerely yours,

GEO. J. GOULD.
[Telegram.]
NEW YORK, Jan. 25, 1893.

C. S. Greeley:

Mr. Sage does not at present approve of going into the Springfield and Marshall road. We would rather here put up our share of the money to widen the Warsaw line, if we did anything. What would you think of doing this?

GEO. J. GOULD.
[Telegram.]
ST. LOUIS, Jan. 26, 1893.

Geo. J. Gould, Esq:

I think favorably of your proposition, provided an adequate equipment is furnished for Warsaw road, and a little work should be done on the Springfield and Marshall road in order to hold the franchise. I will get the matter into shape and have Mr. Tredway go to New York in a few days, and submit to you a definite proposition in line with your suggestion.

C. S. GREELEY.
[Telegram.]
NEW YORK, Jan. 27, 1893.

C. S. Greeley:
Your message received. I think before you have Mr. Tredway come on, better submit plan by telegraph.

DIED IN HIS CAR.

An Express Messenger With a Bullet Through His Heart.

Special to the DEMOCRAT.

OGDEN, Utah, Nov. 21.—When the Rio Grand express reached this city this morning the express messenger failed to make his appearance, and when parties opened the car the messenger was found dead with a bullet through his heart.

The money and the valuable packages were found all right and in order, and it is believed that the unfortunate man committed suicide.

Murdered for Insurance.

Special to the DEMOCRAT.

WOOSTER, Ohio, Nov. 21.—Bert Mackey, a prominent young farmer of near this place, was foully murdered last night. It is believed that the crime was committed by interested parties in order to secure the ten thousand dollars insurance which the murdered man carried on his life.

Ex-Secretary Rusk Dead.

Special to the DEMOCRAT.

VIRGUA, Wis., Nov. 21.—Ex-Secretary Rusk died this morning at eight o'clock. The deceased was long a prominent figure in the politics of the northwest and held the position of secretary of agriculture in the cabinet of President Harrison.

Mrs. G. T. Rogers' Burial.

The funeral of the late Mrs. G. T. Rogers took place this forenoon from the M. E. church, south, the burial sermon being preached by Rev. E. P. Ryland, the pastor. The funeral cortege was of unusual length, and on arrival at the cemetery the services were conducted by the ladies' auxiliary of the B. of L. E.

Breathed Through His Horns.

A farmer near Ellis, in Vernon county, some time since dehorned a steer. Something strange was noticed about the hornless animal, and veterinary surgeons were called to see him. Dr. Klutz, of Clinton, is quoted as saying the steer breathes through his horns.

Passed West Today.

Vice President Warner, of the Missouri Pacific, passed west this morning for Pueblo to attend a meeting of the Pueblo Union Depot company.

BOTH TO BE HUNG.

Supreme Court Denies Robinson a Rehearing.

BANKS' CASE AFFIRMED.

The Latter Will Be Hung On December 29th for the Murder of Ike Palmer.

In the state supreme court, at Jefferson City, today the motion for a rehearing in the case of Dick Robinson, sentenced to be hanged on December 15th, was heard and by the court denied. This is the last hope the prisoner could have of any interference by the courts, and unless he is the recipient of executive clemency, he will be hanged on December 15th.

The Banks Case.

The supreme court also handed down an opinion affirming the action of the lower court in the case of Chas. Banks, who was convicted of murder in the first degree in the Johnson county criminal court for the murder of Ike Palmer, in this city, and sentenced to death. In affirming the action of the lower court, the supreme court set December 29th as the date of the execution of Banks. The execution will take place at Warrensburg, where Banks is now in jail.

Banks was indicted in this county for the murder of Ike Palmer, colored, in a dive on West Main street, in this city, during the fall of 1892. The case came up at the April term of criminal court in this city and

SOMETHING NEW LADIES' CONGRESS BOOTS!

Wm. Courtney's

was sent to Johnson county on change of venue.

There Banks was convicted of murder in the first degree and his execution set for June 23d.

His attorneys, Messrs. Whitsett and Hammer, of this city, appealed the case to the supreme court and today the judgment of the lower court was confirmed.

CRIMINAL COURT.

Dr. Foster Released on Bond—Whitworth Seduction Case.

In the Pettis county criminal court, to-day, Dr. Frank B. Fesler was arraigned and pleaded not guilty to the charge of manslaughter in the second degree in having caused the death of Miss Artie Morgan, of Lawrence county.

The defendant's bond was fixed at \$1,000 and it was promptly filled, with John A. Riley and Albert Callis as sureties.

The case will come up at the next term of court.

In the case of the State vs Wm. Whitworth, convicted of the seduction of Miss Luella Ham and sentenced to six months' imprisonment in jail and a fine of \$500, the court overruled the motion for a new trial. Defendant gave notice of appeal.

Manie Kahrs was discharged from jail under the insolvent act, after having served eight days for fighting.

Court adjourned to court in course.

Died Without Medical Attendance.

Alexander Vanwinkle, aged 78, died at Clinton yesterday without medical attendance. Neighbors have been furnishing him the bare necessities of life for some time. It is said he has two sons who are preachers. The county buried the deceased.

Died of Croup.

The 4-year-old child of E. M. Carroll, of Galey, died of membranous croup this morning and was buried this afternoon.

Official Paper of the City of Sedalia.

MR. BLAND'S bill for the free coinage of silver will probably not pass the present congress, but it will be a splendid issue upon which to go to the people in 1894.

If it is any comfort to the esteemed Gazette to know it, we disclose no secret in saying that in spite of cutting off the "deadheads" the DEMOCRAT delivered by carrier yesterday 1660 copies of that day's paper.

KANSAS is threatened with a race war, growing out of the killing of a negro miner by a white boss at Wier City. That importation of Alabama negroes is likely to give Kansas a practical idea of the "Southern question" that the people of that state have never had before.

THE rain last night and today was badly needed, and yet thousands of poor families in Missouri see in it the approach of a winter that will bring misery and suffering never experienced by them before. Sedalia is fortunate in having suffered so little from the panic, but even Sedalia has her worthy poor who must be assisted when the cold, hard winter comes on.

THE esteemed Gazette is a bright, readable paper, and, politics aside, the DEMOCRAT wishes it success. But it can never hope to compete with the evening papers in circulation as long as the latter cover the local field so completely and the metropolitan journals reach the city so early in the morning. The DEMOCRAT has demonstrated that a properly conducted evening paper can secure a circulation that no local morning paper can hope to attain.

THE circulation of the DEMOCRAT is a sore subject for the esteemed Gazette to consider, and it will become all the more unpleasant as the business men of the city come to understand how far the DEMOCRAT really surpasses all other Sedalia newspapers both as to local news and circulation. As stated in these columns yesterday, the properly conducted evening paper in a city like Sedalia reaches more households than any morning paper can hope to enter.

THE report comes from Washington that a coterie of politicians have decided to make the tariff the issue in the next campaign to the exclusion of the silver question. But fortunately politicians do not make issues. They are made by circumstances and events, and the politician who talks tariff while the people are studying questions of finance finds himself without a following. The issue in the next campaign will be that question which most intimately affects the interests of the people.

A CITY is never completed. However rich, populous and prosperous, there is always room for new enterprises; always opportunities for extending its trade and commerce. Sedalia has prospered wonderfully in the past; but there is yet much to do, and her business men and property owners must be alert at all times to protect the interests of the city and to establish new enterprises that will profitably employ labor and capital. A reaction will certainly follow the general stagnation which has characterized all industries during the past four months, and when that reaction begins there will be a rich harvest for those com-

munities which are plucky enough to first enter the field. The Commercial Club, loyally supported by the people of Sedalia, will find employment for all of its energies during the coming year, and can do much for the upbuilding of the city.

The Narrow Gauge.

THE DEMOCRAT today contains a communication from Mr. Dwight Tredway giving some of the inside history of the negotiations for the widening and extension of the narrow gauge railroad.

The letters and telegrams which are given to the public for the first time show how near at one time was the consummation of the enterprise that would have meant so much to Sedalia.

If there were valid reasons for making the contemplated improvement last spring, the same reasons will exist next year and the DEMOCRAT confidently believes that it is only a question of a short time when the now insignificant little narrow gauge will be a portion of a grand trunk line extending from the north to the south.

Such a road is needed; it would pay; it will ultimately be built, and the interests of both parties to the present controversy would seem to be to make the narrow gauge the north and south road rather than permit some other company to come forward and build into the territory.

COL. HOUSTON HURT.

Quite Seriously Injured in a Runaway Accident.

Yesterday afternoon, while crossing the track at Houstonia in front of a Missouri Pacific engine, a spirited horse, driven by Colonel T. F. Houston, became unmanageable, and, after running a short distance, overturned the buggy, throwing him violently to the ground on his face.

He was picked up in an unconscious condition and taken to the residence of his son, A. Y. Houston, where he lies in a precarious condition.

He is one of the oldest and most popular inhabitants in that section, and was representative from this county in 1889. He is 73 years of age and has relatives all over Central Missouri.

TALBOT HEARD FROM.

He Forwards Mr. Leggett a Communication from Moberly.

W. P. Talbot, the forger, whose shortcomings have previously been referred to in these columns, is known to have been in Moberly yesterday.

Mr. W. F. Leggett, in whose employ Talbot was, today received some business documents from him, the same having been sent from Moberly by express, Talbot using the name of H. F. Hudson as consignor.

Talbot also wrote a brief note, in which he stated that he had been befriended by Leggett, but the latter would not blame him (Talbot) if he knew all.

It is now believed that Talbot has a history he did not want to have made public in Sedalia.

When State Secretary Williams, of the Y. M. C. A., was here last week, he met Talbot on the street and recognized him instantly, as he approached him and shook his hand, at the same time saying, "I had often wondered what had become of you."

Mr. Williams was formerly chaplain of the Iowa state penitentiary, and the supposition is that he knew Talbot when he was a convict in the prison.

Notice to Merchants.

The merchants' tax book for 1893 is now completed and placed in my hands for collection. Merchants' taxes are unlike personal or real estate taxes, from the fact that the law presumes they will be collected when due, and, consequently I am not permitted to return merchants' taxes delinquent in my annual settlement with the county court; therefore must collect them.

Pay your merchants' taxes now and avoid heavy penalties.

as it may save him a trip to New York. Mr. Sage does not look favorably on any very heavy expenditures in the way of extensions. I do not believe the parties can sell the Marshall and Northern franchise or raise money for it.

GEO. J. GOULD.

[Telegraph.]

ST. LOUIS, Jan. 27, 1893.

Geo. J. Gould:
If you will contribute \$5,000 per mile towards widening the gauge of the Warsaw road, a construction company will be formed here to do this and to extend the road to Springfield without further assistance. The construction company will allow us \$200,000 for the Warsaw road as it now stands, payable in 5 per cent. 30 year gold bonds on the entire line, and will also refund in similar bonds the amount advanced to widen the gauge. Bonds to be taken at 90 per cent. You to have option to buy the entire capital stock of the entire road from Sedalia to Springfield for a nominal amount, say \$1,000, free of all debts and liens, except mortgage of \$15,000 per mile.

C. S. GREELEY,

NEW YORK, Jan. 30, 1893.

C. S. Greeley.
In view of the unsettled financial situation Mr. Sage is very adverse to our taking on any additional burdens or going into anything which will require a large expenditure, and I am inclined to think he takes the right view.

GEO. J. GOULD.

ST. LOUIS, Jan. 31, 1893.

George J. Gould.
Telegram of 30th received. Would you be willing to accept the proposition made you by wire Friday, the 27th, provided you were not required to advance any money towards widening or extending the road? All other parts of the proposition remain unchanged. Possibly such an arrangement might be made.

C. S. GREELEY.

NEW YORK, Feb. 17, 1893.

C. S. Greeley, St. Louis.
Referring to your message, Mr. Clark and I are inclined to favor proposition contained in your message of the 27th, as subsequently modified in your message of January 31st. I have placed the whole matter in his hands and he will take it up with you on his return to the West, which will be in about two weeks.

GEO. J. GOULD.

NEW YORK, March 30, 1893.

S. H. H. Clark, St. Louis.
Your message received. I am willing to sell the Warsaw road to Tredway for \$200,000 in 5 per cent bonds, he to broaden gauge, stop line at Sedalia and give us majority of the stock.

GEO. J. GOULD.

SEDALIA, MO., March 31, 1893.
S. H. H. Clark, Pres., 6th and Locust Sts., St. Louis, Mo.:

I accept Mr. Gould's proposition of yesterday, subject to the management of the Missouri Pacific giving us as favorable traffic arrangements and other assistance as they have been giving to any other similarly situated line, bringing them new business. Will see you on Monday.

DWIGHT TREDWAY.

Mr. Priest states that "his people were willing to put up dollar for dollar with Mr. Tredway and his associates for widening the gauge and extending the road." This statement should be compared with Mr. Gould's telegram of January 30th as above. It will be seen from Mr. Gould's telegram of Feb. 17th, that Mr. Clark had full authority to arrange the matter. In pursuance of that authority Mr. Clark made a contract with me, which was reduced to writing by Priest, and which at Mr. Clark's request I signed, and which was accepted by him, he having, as before stated, full authority to conclude the arrangement. Not only was this done, but it will be seen from the telegrams given above of March 30th and March 31st that Mr. Gould himself ratified and confirmed the arrangement, which subsequently Mr. Gould and the Missouri Pacific refused to carry out.

Mr. Priest cannot plead ignorance of these matters, as he himself was conversant with the negotiation, and personally drew the contract, which had been agreed upon.

In view of these facts, the statement made by Mr. Priest in the interview published in the DEMOCRAT of Nov. 19th cannot be defended or explained by any plea of ignorance, or as careless or inadvertent statements. No conclusion can be arrived at other than that the statements were made deliberately and intentionally and in defiance of the truth.

A head-end collision was narrowly averted near Clinton yesterday, on the Katy.

Two freights were running north and south, with orders to meet at Ladue. The north-bound reached Ladue with time to run on, and the engineer concluded to make Clinton, his train being light. The south-bound left Clinton on time.

When about half way between the station, says a dispatch from Clinton, the engines hove in sight of each other. There was a signal for "down brakes," engines were reversed and trainmen jumped for safety. The trains sped on to within fifty feet of each other and stopped. The engineer, who ran without orders, backed to Ladue and was summarily discharged. A short curve had just been passed when the trains sighted each other.

MIND OVER MATTER

Remarkable Experience of a St. Louis Hypnotist.

A SUBJECT ATE CANDLES.

And Still Another Had a Limb Amputated Without the Loss of Blood.

Some remarkable results of hypnotism, as performed by Prof. Laruge, of St. Louis, are thus referred to by the Post-Dispatch, viz:

Mark Twain has made a friend write a letter in response to thoughts thought 1,000 miles away. Prof. Laruge claims to have made a man fall in the streets in Bloomington by merely telling him to do so while he himself sat in the Hazenstab studio in St. Louis, where he is plain Mr. Laruge, and a very good artist in the photographic line. He also claims to have performed a similar feat with the subject at Creve Cœur Lake. In each case he willed the subject to resume his faculties after a sufficient lapse of time.

HYPNOTISM IN SURGERY. Not all of Prof. Laruge's subjects last night were under his perfect control. A business man of unusual bodily and mental vigor was put to sleep and afterwards to show the power of hypnotism in cases of surgical operation his hand was benumbed by hypnotic process. But he was not made to perform any of the antics of regular subjects.

John Murphy, a young man living at 1448 South Fourth street, had not known the professor, but came with a companion. Under the "influence" he thought himself a negro minister and delivered a very edifying discourse to his flock on the evils of putting trousers buttons in the collection box and the necessity for a better place of worship. By suggestion he found himself possessed of a disease which usually lasts seven years. He was relieved in time to save his trousers from parting company with his limbs. His coat and vest had already been sacrificed. This young man says he was never hypnotized before.

CANDLES EATEN WITH RELISH. J. Brady of 1314 Spruce street is a regular subject. He has been experimented with for years, off and on. Mr. Brady found a fly on the end of a very long nose. He afterwards became "Happy Harry" of the Salvation army and exhorted his hearers in an earnest manner. Then he sang and took up a collection. His side remarks to a supposed man, who continually interrupted, were provocative of laughter.

Mr. Brady suddenly experienced a feeling of hunger. He was fed a liberal supply of broken tallow candles under the supposition that he was eating cake, some onions under the guise of apples, a red pepper for a pear, a raw potato for a peach and then topped off on 5 cents' worth of castor oil, which was offered as California wine. He protested that the brand was a forgery.

After this Mr. Brady had a needle and thread passed through his right ear and his left cheek, but, but went on eating candles with seeming relish.

AN IMAGINARY FLY.

Wm. Long, of Chicago, who came here with the Minnie Startell Plum Pudding company at Hagan's some time ago as a subject for Prof. George M. Spencer and has traveled as a hypnotic subject for several years, was the most startling entertainer of the evening. A. F. Backstadt and Wm. Smith performed a zither and mandolin solo as a mere soother during the experiment.

Long met the supposed grimaces of a crowd of mockers with principal and interest, worked with a will at an imaginary fly at the end of four feet of nose, aided by his divested raiment, but the real test of his subjugation was made by a mirror held so that the professor's eyes meeting Long's eyes in the glass and at an angle threw Long into a cataleptic state. He fell on the floor and was lifted to the backs of two chairs, the base of his skull on one, and the heels of his shoes on the other. Then the professor placed his weight upon the rigid form. It yielded not, yet by the mere suggestion of the professor's hands held under it, it became lax, then rigid again. Return to consciousness was made with difficulty.

A LIMB AMPUTATED.

Prof. Laruge says he has used hypnotism for two years in surgery. In the case of an amputation of a lower limb at Indianapolis by Dr. Johns, the subject did not bleed a

drop, and made an unusually quick recovery. He has used the science in the dentist chair of Dr. Parker, of 112 Franklin avenue, where operations on roots of teeth and diseased jaws were being conducted.

He finds difficulty in going about on street cars as he frequently causes passengers to fall in catalepsy without intending to throw them under his influence.

The professor lives at 1731 Morgan street. He considers himself an amateur.

FAST MAIL WRECK.

The Train Collides With An Engine at Tipton.

TWO FIREMEN INJURED.

The Fast Mail Engine Turned Over, But the Cars Remained on the Track.

A bad accident occurred at Tipton about 7 o'clock this morning, the Missouri Pacific fast mail train running into the engine that pulls the Boonville branch train, injuring the two firemen quite seriously, and one of them possibly fatally.

The fast mail was in charge of Conductor Whitaker, with Engineer Drayer and Fireman Wheat on engine No. 256.

The branch engine was No. 934, with Engineer Clark and Fireman Thompson in the cab.

The branch engine was on the fast mail track, and the engine of the latter crashed into 934, damaging it quite badly.

No. 256 was turned over, but the cars remained on the rails. The engine was partially demolished.

Fireman Thompson and Wheat were both caught in the wreck. The former had his left arm and two or three ribs broken and also sustained severe scalp wounds. Fireman Wheat is said to have been injured internally.

News of the wreck was wired to the company offices here, and it was there that the above information was gleaned.

Mrs. Thompson, wife of one of the injured firemen, and her little daughter, came in from Lexington, their home, this morning and took train No. 6 for Tipton to care for the idolized husband and father.

The track was blocked some three hours by reason of the accident, and it was after 12 o'clock when the fast mail train reached Sedalia.

Regarding the Rail.

Conductor Phil R. Adams and Miss Emma Volker will be wedded this evening.

A. C. Miner, traveling passenger agent for the M., K. & T., went south this morning.

Mr. J. L. Wigton, the efficient general foreman at the M., K. & T. shops, and his estimable wife, celebrated the twentieth anniversary of their marriage last night, on which occasion more than 100 guests were royally entertained.

Conductor S. M. Goddard, of the Lexington branch, had a close call for his life at Higginsville this morning. He was in the act of catching the rear coach of his train, and just at that moment turned his head to answer a question, in consequence of which he barely cleared two huge trunks that stood on the depot platform, within a few inches of the coaches. Had his body come in contact with the trunks he would have been thrown under the train and most likely killed.

WHAT HE SAW

HE dreamed he saw something, and he looked and behold the world was full of cemeteries full of tombstones and monuments. And there were inscriptions on them, and whole cemeteries full of "written tears to the departed" were hung high in the air by great monstrous poles with monstrous hooks with long barbs on them. And on the poles were secret signs that an angel translated "fishing for suckers." And he read the memorials on the stones and they all began: "Here Lies." And one read, "To a once merry crew of old-style, misfit, bad-shaped, off-colored suits that roved the ancient seas from ten to fifteen years ago, now going at 50 cents on the dollar." And the stone seemed to smile and the pole bobbed a little.

Another read, "Departed this life in the 80s 1000 overcoats who got their necks broke in a race with new styles, new cuts, new materials." Beneath was a P. S. that read, "If thou takest me to thy bosom thou wilt be an Exodus." And the pole bobbed a little more. Off in a corner was a bent-over stone and on it was, "Here be Old Hats," with an ancient crown cut in the stone, and the P. S. read, "The shades of unfashionable life abide in him who do buy such." And the pole bobbed a good bob. And it was so on all the stones about old goods. And he then saw in his dream the wrecks of many 1000's of ancient style houses. He shivered. He got cold. He got colder. Had the buck ager. He saw the pole a bobbing. The stones begun to knock their heads together, and he waked up to find himself shaped up and genteelly fixed out in natty fall styles of 1893, and on his suit, overcoat, hat and underwear was the sign BLAIRS'. And he was much tickled, and he told all his tribe how near he come to getting jabbed with a hook that was on the pole and "to always go to BLAIRS." And they do to this day say go to

THE DUMPING GROUND.What the Owner of the Property
Says Regarding It.

W. L. Jones, the city scavenger, in talking with a DEMOCRAT reporter about the complaint made by parties living in the neighborhood of the hollow in which he is dumping the street scrapings, said this morning:

"I own the property on which I am dumping the matter and an investigation by the city proved that I was right in doing so and that the matter was not objectionable.

"If nothing more is done to stop me, I will fill up the hollow and build a nice residence thereon, but if I am stopped, I have a permit to build six one-room houses, to cost \$100.00 each on the land, and will rent them to colored people.

"I aim to do the right thing and desire to be let alone, but if the people stop me from dumping there, I will at once begin the construction of the \$100.00 dwellings."

Credit Business

Is very uncertain. There are a great many men who are not worthy of credit, and a great many who are good; a goodly share who are not prompt. We being desirous of paying our bills promptly, and knowing that we can not do this and do a credit business, we have decided to sell for cash only. Mr. McNees insured his Hughesville store with the above company, and it burned last October, but payment of the policy was refused, and hence today's suit.

Geo. F. Longan, on behalf of the Citizens' National bank, brought suit today against John Kaiser and Adam Fischer, with Dr. Wood and Chas. Yost as sureties, on a \$4,000 note bearing date April 17, 1893.

DIPHTHERIA RAGING.**Many Children Dying in the Vicinity of Milo.**

NEVADA, Mo., Nov. 21.—Reports of diphtheria raging in the neighborhood of Milo, near this city, are alarming, and the death rate is growing. Tal Dixon and family are peculiarly unfortunate. An 11-year-old daughter died on Wednesday; Sunday morning at 4 o'clock one of their twin baby girls, aged 2 years, died, while the other is also seriously sick with the same dreaded disease. A family residing east of Milo also lost three children from the same disease. Four schools in that neighborhood have been dismissed on account of the disease.

Three Licenses and a Marriage.

Marriage license were issued today as follows:

P. R. Adams and Emma J. Volker, of Sedalia.

J. C. Crabtree, of Eufala, I. T., and Janie Chipley, of Longwood.

J. M. Hacker and Mrs. Sarah Brummett, of Longwood.

The latter couple were married by Rev. J. S. Myers at 1:30 p. m. in Recorder Pilkington's office.

Short in His Accounts.

J. D. Harre, employed by the Pacific Express company at Marshall, has been found \$200 short in his accounts and left for parts unknown.

An "At Home."

Cards have been issued for an "at home" by Miss Laura Patton, of No. 215 South Grand avenue, from 2 to 5 p. m. Friday, Nov. 24.

PERSONAL.

Henry Pehling, of Pehling Bros., made a trip north today.

J. M. Planck left this morning for a trip to Clinton and Osceola.

Hon. S. G. Kelly came down from Knobnoster this morning.

Joe M. Cook, wife and child returned to Smithton this morning.

J. E. McCormack left this morning for a business trip to California.

Miss Minnie C. Rohm returned this morning from a visit in Illinois.

Superintendent L. D. Hopkins returned from Kansas City at noon today.

Rev. Alexander Allen left at noon for Tipton, where he will conduct services tonight.

Mrs. W. L. Walker and little daughter, Hazel, left this morning for Coffeyville, Kas., for a visit.

Rev. P. A. Cool, president of George R. Smith college, returned this morning from a trip to Kansas City.

Rev. R. R. Marquis returned this morning from Lexington, where he organized a local union of the Y. P. S. C. E.

Officer Jas. Englebrecht, who has been laying off the past few days on account of illness, will resume work tomorrow.

Eddie McQuilty, who has been working in the Grand restaurant in St. Louis for some time past, returned home this morning.

John Menefee returned last night from a ten days' trip to Texas. He says that business is fairly good there and that Houston is the best city in the state.

Mrs. Taylor, of East Sedalia, returned this morning from Keokuk, Iowa, where she took her little daughter for surgical treatment. The child had fractured a limb, which was not properly set, it is claimed, but after a short sojourn at the Keokuk institute it is in a fair way to complete and rapid recovery.

The Tipton Wreck.

The fast mail train that was wrecked at Tipton this morning, as chronicled elsewhere in today's issue of the DEMOCRAT, did not reach here until 12:15 o'clock p. m.

From Superintendent Stilwell, who visited the scene of accident on the wrecking train at 8 a. m. and returned on the fast mail, the DEMOCRAT learns that the fast mail engine first struck a coal car instead

of striking the Boonville branch engine, as was chronicled on another page.

The car was split in two, and one half of it passed up over the fast mail engine. Engineer Drayer's escape is a miracle, indeed.

The two injured firemen were taken to St. Louis on train No. 2.

SPORTING MATTERS.

The Big Billiard Match To-Night.

'TIS IVES AND SHAEFER.

How Brady Tried to Bluff Charlie Mitchell and Was Called for \$1,000.

Billiard Champion Frank Ives, known as the "Young Napoleon," and ex-Champion Jacob Schaefer, will inaugurate a 14-inch balk-line game, 4,000 points up, at Central Music hall, Chicago, this evening.

The match, which does not involve the championship, is for \$2,500 a side and was originally booked for Nov. 28 to Dec. 2, but was advanced a week in order that the contestants might have ample time to prepare for their three-cornered tourney with Slosson in New York, which will open Dec. 11. The contest is to conclude next Saturday evening, and 800 points will be played each evening.

Both men have practiced hard and conscientiously. "The Wizard," who broke his wrist last winter, is in his old-time form, and his touch is as delicate and artistic as ever.

Schaefer has made some high averages at practice, and expects to win. The champion, though, has improved every opportunity since his last match with Roberts, and his friends claim that he plays better, if possible, than ever.

For more than a year he did not play the American game, and it was feared that when he returned to work the difference in the size of the table and balls would affect him seriously. He realizes that it will be the game of his life and he will do his prettiest to win. The winner will take all the stakes and the gate money, out of which will be paid the expenses of the match.

Bluffing Billy Brady.

The history of the side bet of \$1,000 made between Mitchell and Brady, to the effect that Mitchell would never enter the ring with Corbett, is told in a New York paper which has never shown any friendliness toward Mitchell. It is told briefly and in reportorial style and shows that Brady as a bluffer is a failure.

Just as the match-makers were about to depart Mitchell in a cool manner remarked:

"Mr. Brady, last night you said that you would wager \$1,000 that I was 'bluffing,' or in other words, I was afraid to meet your champion. Now, I'm prepared to make that bet. I have already placed the amount in the hands of Mr. Vendig, a representative of 'Phil' Dwyer. If you want to make the bet cover it."

"Have you got \$1,000 of Mitchell's money?" stammered Brady, addressing Vendig, who was in the group. He answered in the affirmative and then Brady began to make stipulations.

"Let there be no ifs and ands," was the Englishman's rejoinder. "If I fail to put in an appearance on the night selected for the fight you win my money. There has already been too much acting on your part. Every move you make is for free advertising for yourself and your acting-fighter. Now, if you mean business, put up or shut up. I'm not afraid to meet Corbett or any man in the world. Do I hear you? Come, now, what say you?"

Brady strutted the floor awhile and for a few seconds did not utter a word. Mitchell smiled and winked at some friends, evidently enjoying the discomfiture of Corbett's manager. The latter sat down, dictated an agreement and asked Mitchell if he would sign it. The latter consented and Brady put up a crisp \$1,000 bill.

"Now," said Mitchell, "I'll make that same bet, or rather bets, on the same conditions ten or twenty times. That is, 'pon my word, the easiest \$1,000 that I ever made in my life."

Brady remarked that one bet was enough for him, and he hurriedly left the room. After he had retired Mitchell said: "That is the result of making a bluff before a big crowd. Indeed, it is by long odds the silliest bet I ever heard of."

PAXTON-QUIGG FEUD.

The Third Killing Within a Year, and the Trouble Not Over Yet.

COLLINS, Mo. Nov. 20.—Another bloody chapter in the Paxton and Quigg trouble was enacted Saturday, which resulted in the death of John W. Quigg. Quigg came up to Theodore Paxton on the streets of Wheatland, knocked him down

with a Winchester and attempted to shoot him when he was shot five times by John W. and Ort Paxton, father and brother of the one assaulted.

This is the third killing in the past year resulting from the difficulty between the two families. Ira, a son of John W. Quigg, was killed last November by Sigel Paxton. Paxton was acquitted at the May term of the circuit court and was ambushed and killed a month later. The Paxtons are in charge of the officers. It is feared there will be further trouble.

AFTER THE OFFICES.

Collector Withers is Having a Hard Time of it.

The several Sedalia men who would like to be deputy revenue collector at this point will read the following from the Kansas City Journal of yesterday with interest:

"Mr. Webster Withers, the newly appointed collector of internal revenue, has not yet received the official notice of his appointment, but it will probably arrive today. He is having a harder time than Harrison with the office-seekers, and there seems to be a greater fight over the deputyships in other places than those in Kansas City."

Clint Tillery, who has returned from Washington, is making a strong effort to become chief deputy, and his friends say that he will be successful. Mr. Withers' mail is very large. Scores of letters are pouring in on him, all in favor of some applicant for a position. If he had 300 positions to dole out he could fill them all from the ranks of the applicants who are now besieging him. There seems to be a great office hunger among the democrats of Western Missouri."

HOW ABOUT THIS?

A Tennessee Man Claims His Substitute's Pension.

A Trimble, Tenn., dispatch says: A queer and intricate point in law will soon be decided by the chancellor of this civil division.

During the war Peyton Fenelon, of Lake county, hired Alex. Moberly as a substitute. At the battle of Chickamauga Moberly received a minie ball in his left leg, making him a cripple for life. He has been an applicant for a pension for a number of years, and recently received notification that his case had been acted upon, and that \$3,200 back pension would be sent him.

As soon as Fenelon heard this he filed a bill in chancery to prevent the payment of the money, claiming that Moberly was not fighting for himself, but was fighting for him, and that as Moberly was paid for his services, that the money should be paid to the plaintiff. It is the first case of the kind on record, and is attracting widespread comment.

Aid for Starving Miners.

MILWAUKEE, Wis., Nov. 20.—Governor Peck has taken official notice of the situation among the starving miners at Hurley and will this week issue a call to the people of Wisconsin for food and clothing to relieve the distress. There are 800 people who need immediate assistance, and it is probable that before the winter is over there will be as many more.

WAS NOT DEAD.

Miss Williams, of Illinois. Prepared for the Grave.

A Decatur, Ill., dispatch to the Republic gives the details of a strange case, wherein a young lady, after being prepared for the grave, was afterwards discovered to be alive. The dispatch says:

A telegram reached this city announcing the death at Mattoon of Miss Mattie Williams, of this city. She was visiting relatives there and had gone out driving with a cousin about her age. The horse took fright and ran away, upsetting the carriage. Miss Williams fell on her head and broke her neck. She was not quite dead when help arrived, but before she could be moved she apparently expired. She was taken to the house and attempts made to resuscitate her, but they failed.

Yesterday morning a telegram was received in this city stating that Miss Williams was still alive but not expected to recover. The story of her return to life is thus briefly related: After all effort to revive her had been made by physicians and had failed, preparations were made for burial. She was laid out and the undertaker was expected to place the body in a casket for shipment to this city. Before he arrived the watchers around the supposed corpse noticed a twitching of the eyelids and presently she aroused. Although she was still unconscious the physicians were again summoned and treatment for her recovery was begun again. After ascertaining her temperature and thoroughly examining her symptoms they now express the opinion that she may perhaps live a short time.

The Williams family seem to be possessed of wonderful vitality. When Edward was kicked in the head by a horse and his skull fractured he lay in a comatose condition for a long while and was several times reported dead. The operation of trephining was performed and he now carries a silver plate in his head, enjoying the best of health.

COUNTERFEITERS CAUGHT.

Two Arrests Made and a Complete Outfit Captured.

St. JOSEPH, Mo., Nov. 20.—The city has been flooded with counterfeit silver dollars and half dollars for some time past. The coins placed were of excellent quality and required close inspection to disclose they were bogus. Some of them found their way into the banks, where the fraud was exposed.

The authorities have been working on a clue for some time and Saturday night a raid was made, but the birds had taken the alarm and hastily decamped, leaving behind them a complete outfit for coining bogus halves and dollars and nearly a peck of the spurious coin. Yesterday Charles May and his wife were arrested and turned over to the United States authorities. The other members of the gang are now being searched for and will probably be arrested tonight.

THE COUNCIL.

The Business Disposed of at Last Night's Session.

At last night's meeting of the council D. S. Harry Evans, J. W. Trader and G. H. Scott were appointed a committee to investigate the dumping ground nuisance out north, on W. L. Jones' property.

Claims of \$1,000 each presented by J. R. Benton and wife, because of the latter having fallen on an alleged defective walk, were presented and referred.

A protest against the extension of the sewer in district No. 2 was referred.

E. G. Church asked for an extension of time until May 1, 1894, to complete the paving of West Fifth street, but no action was taken.

The East Third street paving was accepted and the bills will be issued when the bond is filed.

Edward Hanley was allowed 8 per cent. interest on his East Sedalia sewer bill until such time as it is paid.

It was decided to abolish by filling up the Main street cistern.

A motion to raise the rent of the market house stalls was referred.

At the request of the mayor, the city will pay the rent of the telephone at his residence.

Some minor matters were disposed of and the council adjourned until next Monday night.

DIED IN HER CHAIR.

Mrs. Geo. Brinkerhoff Passes Peacefully Away.

Mrs. Geo. Brinkerhoff, aged 57 years, died at her home on East Grover street Saturday night about 10 o'clock of heart disease, says the Warrensburg Star.

No one was present at the time of her death, but from the body being warm it is supposed she had been dead only a short time.

Mr. Brinkerhoff was at the G. A. R. hall Saturday night, and did not arrive home until about 10:30, and there, sitting in a rocking chair as if resting, he found his wife dead.

She had evidently retired before this, as the bed was somewhat disturbed, and realizing that a spell was coming on, had gotten up and gone down stairs to get some hot water and a cloth to put over her heart, which she frequently did of late to ease her suffering.

All day Saturday and Saturday evening she was in the best of spirits, and remarked that she thought she would send the doctor word that she was doing finely. One night in last August she had a slight stroke of paralysis and from that day she has not been in her usual health.

Injured by an Explosion.

Dr. M. T. Collins was called upon last evening to dress the wounds of P. Ichoff, who was injured by the premature explosion of a dynamite bomb in a quarry near Georgetown yesterday afternoon. The victim's right hand was lacerated and his face was also injured.

FACTS ABOUT HICCOUGH.

A Few Suggestions for the Benefit of the Unhappy Victim.

Hiccoughs are too well known and too difficult to define. Although involuntary, they are considered so vulgar that in polite circles the victim makes his or her excuses and retires. The explosive and exhaustive little cough is caused by the intermittent contractions of the larynx diaphragm.

It is generally regarded as an indication of a disordered liver, but in children it is an unmistakable symptom of indigestion. As a rule it is spasmodic and passes off without need of treatment. At times the attack is serious, being distressing to the individual and annoying to his associates, and should be promptly treated.

One source of relief is a swallow of cold water. A fit of hiccough can be cured by sprinkling water on the face. Dashing a handful in the face is not a pleasant surprise from a devoted friend or mother, but it is a sure cure, due perhaps as much to the sudden revulsion of feeling as to water. If a baby has a hiccough it is an indication that he has had far too much dinner. A change of position will bring relief, a favorite one being to put the well-fed youngster on his stomach across the lap of his nurse.

An attack of hiccoughs in children is frequently followed by a bad night, either sleeplessness or the nightmare, says the Cincinnati Enquirer. Of course, the mistake was in the surfeit; the mother or the nurse must bear the blame and find a way to stimulate digestion. It will be hard to keep the infant awake and dangerous to bathe him within three hours, but the old man's maxim may be tried on the smallest toddler:

After dinner sit awhile,
After supper walk a mile.

OUR AMERICAN WOMEN.

They Always Appear to the Best Advantage on Their Native Heath.

"The one thing that strikes an Englishman more forcibly than anything else," said a Londoner visiting this country, "is the appearance of American women on their native soil. English women are good dressers, but the idea is very prevalent in England that the American women display poor taste and no pride in their appearance."

"A personal visit to America at once disabuses him of this idea, and the foreigners at once recognize the fact that there is more good dressing here than in any other country, for in America women of all classes dress well and they certainly display wonderful originality in making up their robes. The idea that Uncle Sam's daughters are dowdy is probably spread abroad by the tourists, who flood Europe every summer. They go principally in droves, and are known over the whole continent as 'cookies.' They take but little clothing. They are not bent on social pleasures, but on sight-seeing, and therefore take with them as little clothing as they can get along with. Foreigners judge all American women by the 'cookies.'"

Tying the Knot Tightly.

A justice of the peace in Sandersville, Ga., being called upon to perform a marriage ceremony, is accused of concluding with: "By the authority vested in me as an officer of the state of Georgia, which is sometimes called the empire state of the south; by the fields of cotton that lie spread out in snowy whiteness around us, by the howl of the coon dog and the gourd vine, whose clinging tendrils will shade the entrance to your humble dwelling place; by the red and luscious heart of the watermelon, whose sweetness fills the heart with joy; by the heavens and earth, in the presence of these witnesses, I pronounce you man and wife."—New York Times.

The Builder of Coral Islands.

The polype is the most remarkable creature on earth. If cut transversely into several parts each will become a perfect animal. Tremblingly turned them inside out and they ate and enjoyed themselves as much as ever. He slit two longitudinally, placed the halves together and united them into two animals; he divided two transversely and created one with two heads; he pushed one down the throat of another, a third down the throat of the second and thus formed a creature with three heads.

Large Cities.

Of cities with more than 100,000 population England has thirty. Germany twenty-four, France and Russia each twelve, Italy ten, Austria-Hungary six, Spain five, Belgium, the Scandinavian states, Roumania and the Balkan islands each four, the Netherlands three, Portugal two; the total in Europe being 116 great cities. Asia has 105, China having fifty-three and British India thirty. In Africa there are seven, in America forty, of which the United States have twenty-six; South America nine. Australia has only two large cities.

His Title.

Her Friend—I thought you were going to marry a man with a title or forever remain single.
Mrs. Nuwedge—He has a title, I beg to inform you.
"What is it, pray?"
"Ducky darling. I gave it to him myself."

Give Him the Inside Facts.

"There is only one way to get rid of that bothersome collector," said the impetuous editor.
"And what way is that?"
"Invite him to dine with us and ask him to say grace over a cool breeze and a bucket of well water!"

Charged With Seduction.

James Robertson was arrested at Bengal, Indian Territory, the other day by the United States marshal, at the request of Sheriff Scroggum of Vernon county, and Sunday night that official returned to Nevada with Robertson in charge, who was placed in jail. Robertson is charged with the seduction of Miss Minnie Warkins, of near Virgil City, in Vernon county. His case will come up at the present term of court unless it is otherwise disposed of.

Still Increasing.

The demand for pure, fresh candy at the Candy Palace has necessitated the doubling of its capacity. This is certainly encouraging to the firm. The people of Sedalia find that they can get better candy there than by ordering from St. Louis or other places and at less cost. Patronize home industry every time.

Notice to Sidewalk Contractors.

Notice is hereby given that the city council of the city of Sedalia, Missouri, will receive and consider bids or proposals for the construction of the several sidewalks provided for by the following entitled ordinances: For the construction of sidewalks on the north side of Second street, in front of lots 10, 11 and 12 in block 39 of the original town of Sedalia, and on both sides of Second street for a distance of two hundred feet west from the west line of Harrison avenue, this latter being in front of and along the property owned by Mide. Smith and Cotton.

Said sidewalks shall be constructed to the grade heretofore established by an ordinance entitled "An ordinance providing for the establishment of a grade on Second street from the west line of Missouri avenue to the east line of Park avenue," passed August 7th and approved August 8th, 1893, and shall be made and constructed out of the materials and of the widths provided for by an ordinance entitled "An ordinance providing for the condemnation of all wooden sidewalks on both sides of Second street from the west line of Monticau avenue west to the east line of Grand avenue, and for the construction of new sidewalks in the place of the walks so condemned, including grading and filling for the same," passed May 29th and approved May 31st, 1893. All other things shall be done as provided by an ordinance entitled "An ordinance providing general rules and specifications for the construction, condemnation, reconstruction and repairing of sidewalks and repealing all ordinances in conflict herewith," passed June 19th and approved June 20th, 1893.

Bids will also be received and considered for the construction of the sidewalks provided for by the following entitled ordinance, to-wit: "An ordinance providing for the construction of a sidewalk on the east side of Washington avenue from the south side of Pacific street south to the north line of Main street," passed October 2nd and approved October 3rd, 1893.

All bids shall be sealed and filed with the city clerk on or before 5 o'clock in the afternoon of Monday, November 27th, 1893, and shall conform to the requirements of the ordinances in each case.

Notice to Paving Contractors.

The city council of the city of Sedalia, Missouri, will receive and consider bids for the paving of the alley running east and west through block 46, of the original town of Sedalia, Missouri, as provided by an ordinance of said city, entitled "An ordinance providing for the paving of the alley running east and west through block 46, of the original town of Sedalia, Missouri," passed November 6th, 1893, and approved November 7th, 1893.

All bids shall be based on the provisions of said ordinance, and the plans and specifications for the paving of said alley on file in the office of the city engineer of said city.

All bids shall state price per square yard for doing said paving, and shall be filed with the city clerk in his office not later than 5 o'clock p. m. on the 27th day of November, 1893.

The city council reserves the right to reject any and all bids.

CALIFORNIA.

CALIFORNIA possesses a delightful winter climate. Almost every day is balmy and full of sunshine. To live in such air a few months may save you a big doctor's bill. It doesn't cost much to try. The SANTA FE ROUTE will carry you to Los Angeles, San Diego or San Francisco any day, on fast vestibuled express train, in Pullman or tourist sleeper, without change of cars. The journey is through New Mexico and Arizona, where heavy snow-falls rarely come. It is short, quick and comfortable—straight across, not roundabout. Once a week personally conducted excursions are run to the Pacific Coast in tourist sleepers. Competent porters and agents in charge. Second-class tickets honored, and good care taken of ladies and children without escort. Very cheap rates for one way or round-trip, now in effect. Write to Geo. W. Hazenbuech, P. T. A. Santa Fe Route, 160 Union avenue and N. E. corner Tenth and Main street, Kansas City, Mo., for copy of California excursion leaflet and handsomely illustrated book, entitled, "To California and Back."

SANTA FE ROUTE.

THE Missouri, Kansas and Texas RAILWAY.

Is the direct line through Central Missouri, Southeastern Kansas and the Indian Territory to Texas, thence on to deep water on the Mexican Gulf.

Was the first railroad ever built into the Indian Territory and was the first to cross the border into Texas and push on through the thriving towns of the state to salt water. The KATY is always the first to get out of the old rut and improve its facilities for handling passengers and freight. As the early settlers moved from the old log cabins to the more comfortable modernized houses, so has the Katy advanced and moved her passengers from Pullman into

Wagner Palace Sleeping Cars

THE FINEST SLEEPING CAR SERVICE IN THE WORLD.

Another advance is the introduction of the AMERICAN EXPRESS COMPANY

to do the express business of this company. The above express company covers lines from the Atlantic to the Gulf and none stands higher than the American.

THE KATY REACHES

from Hannibal, above St. Louis and Kansas City, to Houston, Texas, the head of tide water, over its own rails, and passes through Denison, Sherman, Dallas, Fort Worth, Waxahachie, Hillsboro, Waco, Temple, Belton, Taylor, Gainesville, Henrietta, Bastrop, Lockhart, San Marcos, La Grange, Houston and Galveston, runs through sleepers to

SAN ANTONIO,

and affords comforts and conveniences to its passengers unequalled by any other Southwestern line.

Any person wishing to visit St. Louis, Chicago, Kansas City, Hannibal or the productive plains and prairies of Missouri, Kansas and the Indian Territory, should by all means take the

Missouri, Kansas & Texas R'y as it is the most direct, best equipped and runs through Wagner sleepers to all above points without change where the direct connection is made in Union depots for all points North, East and West.

HIGHEST HONORS AT THE WORLD'S FAIR.

The following is a verbatim copy of the text of the Diplomas on KIMBALL PIANOS.

"This exhibit deserves an award; for
FIRST—The tone quality, which is full, round, sympathetic and musical.
SECOND—The duration and singing quality of the tone is remarkable.
THIRD—The scale is even and free from breaks.
FOURTH—The action is first-class in every respect.
FIFTH—The touch is easy, elastic and prompt in response, admitting of the most rapid repetition.
SIXTH—Materials and construction give evidence of extreme care in their selection and workmanship and are all of the highest class. The designs of the cases are of great artistic excellence and are finished in the most perfect manner."

On KIMBALL REED ORGANS.

"The Organs exhibited were not expressly made for exhibition purposes, but are part of the regular wareroom stock.
They are distinguished for the superior construction, high grade quality of material employed, originality, and first-class finish. Their tone, touch and action leave nothing to be desired.

The points of particular excellence are as follows:—
FIRST—A tracker guide rail, enclosing each tracker pin separately, and by being reamed from the opposite side of the socket-board, excluding all dirt and dust from the valves and preventing sticking.

SECOND—A roller bar so constructed as to prevent the cutting of the treadle straps.

THIRD—An easily detachable organ lid.

FOURTH—An original device, by which six sets of reeds are placed over one valve without diminishing the simplicity or desirability of the Organ as compared with ordinary two set organs.

FIFTH—A graduated sounding board with raised valve seat, giving a power and quality rarely obtained in reed organs.

SIXTH—An automatic swell operated by the opening or closing of the lid.

SEVENTH—A sub bass, by use of which larger scale reeds are employed in a regular key board scale, thus giving the power of a heavy sub bass without using the regular sub bass action.

EIGHTH—Ample bellows capacity and unusual ease of "blowing."

All improvements protected by United States Letters patent."

On KIMBALL PORTABLE ORGANS.

"For superior artistic qualities, for extraordinary solidity and reliability of the mechanism, for perfect workmanship, for progress as shown in the originality of construction and arrangement, by which it is possible to box and transport the organ to any part of the country, tuned ready for use, and requiring no expert to set it up on delivery.

The original devices consist of:

FIRST—A detachable key board, permitting the organ to pass through any ordinary door way.

SECOND—A pipe clutch and rack, holding the pipes firmly against displacement during transportation.

THIRD—A pedal action so constructed that the pedal key board can be removed for shipment, without disconnecting any part of the action.

FOURTH—A blow lever applicable at either end of the organ.

FIFTH—A wind chest with two wind pressures, a tubular pneumatic action, insuring the quickest repetition known, and incapable of clogging.

SIXTH—A bellows, the heavy pressure bellows inside the lighter, rendering the tone of the organ unusually firm and steady.

SEVENTH—A pneumatic draw-stop action. The touch, tone and action are in every respect commendable.

The Organ is impervious to atmospheric changes and practically dust and vermin proof. It is protected by twelve United States Letters Patent. The organ displayed represents ordinary samples of the firm's manufacture. The article admirably fulfills the requirements of a first class portable Pipe Organ and marks a decided advance in the art. It meets a long felt want and is entitled to the highest award."
